Procedure for Completing a Wastewater Capacity Reservation (WCR) Application

1. The attached Wastewater Capacity Reservation Application (also used to obtain water and storm letters) must be completed by the current property owner or by an authorized representative of the owner. **Fee simple owner signatures must be ORIGINAL and in BLUE INK.** Please note if application is submitted by an authorized representative, the attached Application Authorization form must be signed by the property owner.

2. An **application fee** may be due. For vacant land, this fee is based on the total size of the subject property. For existing development, this fee is based on the size of the proposed development. **All application fees must be paid within 24 hours of the issuance of a sales order, or application will be voided.**

3. **The application must be filled out completely and accurately.** The application will be returned if the owner or agent is not present to correct the application. Submission of false information will result in invalidation of reservation.

   The following information is often missing or incorrect:
   a. Fee simple owner name with **original signature in blue ink;** must match proof of ownership provided.
   b. An acceptable form of proof of ownership; i.e. recorded warranty deed, recorded deed of trust, title report, or other documentation as authorized by Impact Fee Administration.
   c. The tract size, street address, or property tax account number (Page 1).
   d. Vacant property is not indicated (Page 2).
   e. Additional information required for types of development (see note on Page 2 & 3).
   f. The portion of existing development to be removed or remodeled (Page 2).
   g. Prior letters or impact fee receipts attached.

4. Two (2) site plans, surveys, or plats, (one for wastewater/water analysis, one for storm analysis) indicating the dimensions of the property, must be attached when the site is:
   a. Not located in a subdivision,
   b. Located on a portion of a lot or reserve in a subdivision, or
   c. An acreage tract.

5. **Two weeks may be required** to process the WCR application. The wastewater/water letter(s) and the storm drainage letter will be mailed separately.

6. The **storm letter** is processed and mailed by the Office of the City Engineer. Please contact Gholam A. Namaki at 832-394-9107 for questions concerning the storm letter.

7. **Submitted by mail:** send completed application to:
   
   Public Works and Engineering Department  
   Impact Fee Administration Section  
   P.O. Box 131927  
   Houston, Texas 77219-1927

8. **Submitted in person:** bring completed application to 1002 Washington Avenue – Third Floor (8am-3:30pm).

9. Should an applicant need additional information concerning the WCR Application, please visit our website at [http://www.publicworks.houstontx.gov/planning/development.html](http://www.publicworks.houstontx.gov/planning/development.html) or contact by email at wcrtechs@houstontx.gov or in person at 1002 Washington Avenue (8am–3:30pm) or by phone:

**Additional Information:**

For properties located outside the corporate limits of the City of Houston, the applicant understands that all ordinances of the City (as now written and as hereafter amended) which relate to water or sewer service or to plumbing matters, including those ordinances which impose criminal sanctions, apply to water and sewer services provided by the City to premises outside of the corporate limits. The applicant also understands that the City may suspend or disconnect such services in the event that the applicant or any other person at the premises to be served fails to comply with such ordinances, without regard to whether or not criminal sanctions are enforceable against any such person. (Houston City Code of Ordinances; Chapter 42, Article 1, Section 47-14 (c))
